

SUPPORT DENTAL HEALTH IN YOUR COMMUNITY

SDDF BRINGS YOU CROWNS FOR KIDS®, POWERED BY STAR REFINING

Sacramento District Dental Foundation (SDDF) and SDDS member dentists have provided more than **NINE MILLION DOLLARS** in free dental services to children in the Sacramento area through the Smiles for Kids program. Additionally, SDDF has been able to provide much needed treatment to the general population, the elderly and other children's needs through the Foundation grants and the Helen Hamilton Orthodontic Fund. The Foundation Board is asking you to continue in that spirit of charity to kids by participating in **CROWNS FOR KIDS®**, a scrap crown recycling program.
